First fraternity at Coastal

By: Gary F. James (Coastal Carolina '81)

Sigma Phi Epsilon became the first national, social fraternity chartered at Coastal Carolina College, with the initiation of 34 brothers as the South Carolina Epsilon Chapter.

Colonization took place in the spring of 1978, after the Sigma Phi Epsilon chapter from North Carolina State pledged five Coastal students. Their efforts culminated November 10, 1979, with installation. This was the first installation of the 1979-1980 academic year for Sigma Phi Epsilon.

From the time of colonization, the men of South Carolina Epsilon made their mark on campus. From sponsoring the winning queen candidate in Homecoming to having seven brothers in the

student government, Sig Ep established itself as the most active organization on campus. Most importantly, the group developed an ongoing rush program, eventually pledging 25 men.

Installation weekend began November 8, when colony members took their final pledge test and then attended a social at Myrtle Beach. Friday, November 9, brought the installation teams from the University of South Carolina and Clemson University, along with a briefing from Regional Director David M. Simpson and the Alumni Board.

Initiation followed on Saturday morning. Later that evening, a reception took place in honor of Chancellor E. M. Singleton. The banquet followed, with 176 people attending. Guests included Robert M. Jones (Pennsylvania '41), National Director; Regional Director Simpson; and Dean L. Woodbeck (Michigan Tech '78), Communications Director at Sig Ep Headquarters.

Brother William A. MacDonough (Washington & Lee '29), Past Grand

President and Order of the Golden Heart, also attended. Dr. Robert Squatriglia, Dean of Student Development at Coastal Carolina, spoke at the banquet, along with Leonard C. Jobe (Washington '39), Alumni Board President, and James Eason (Coastal Carolina '79), Chapter Counselor.

The University of South Carolina-Coastal Carolina College, founded in 1954 and currently celebrating its 25th Anniversary, has an enrollment approaching 2,000 and continues to grow.

New chapter tops in grades

After 13 months of hard work and some support from a neighboring chapter, West Chester State College, Pennsylvania, has a Sigma Phi Epsilon chapter. The Fraternity installed its first "Tau" chapter (Pennsylvania Tau) at West Chester on December 1, 1979.

The West Chester chapter has 36 members, currently the second-largest fraternity on campus.

Chapters from Villanova University and the Universities of Delaware and Pennsylvania participated in the initiation ceremonies. The Villanova Sig

Eps, only a short distance away, supported and guided the chapter throughout the colony period.

Jack D. Wheeler (North Texas State '61), President of the Sigma Phi Epsilon Educational Foundation and Past Grand President of the Fraternity, served as the installing officer. Other guests included Gary H. Bonas, Jr. (Villanova '76), District Governor for District 3 and acting Chapter Counselor; Steven H. Nahigian (Southern California '79), Regional Director; and Charles Mayo, President of West Chester State College.

Brother Wheeler gave a dynamic speech to over 180 people attending the banquet. Guests included the installing teams, parents, chapter members, and dates.

The colony at West Chester began November 1, 1978, when then-Regional Director Scott Averill (Kansas State '78) recruited 10 men. The Sig Eps have sponsored several social and service projects. Sigma Phi Epsilon at West Chester has members involved in honor societies on campus, nine varsity sports, and many are involved in the outdoor adventure program.

Pennsylvania Tau also has maintained the highest grade point average of all fraternities on campus. The chapter presently holds first place in the all-college recreational league.

Survey Bureau praises Journal

By Charles N. White, Jr.
Executive Director

The February issue of *Fraternity Insider* has some very complimentary comments on the Sigma Phi Epsilon Journal. The *Fraternity Insider* appears bimonthly and contains news, facts, and history from all national fraternities and sororities. Wilson Heller (a member of Pi Kappa Alpha from the University of Missouri) puts out the *Insider* and operates the College Survey Bureau, which compiles rankings of fraternity and sorority chapters on most college campuses.

The *Insider* says, "Practical and superior befits the December issue of the Sigma Phi Epsilon Journal. Whether it is called an undersized newspaper or an oversized magazine is moot. Whether it is all around superior to the century-long standard magazines of our system is also moot. But in our studied, researched, and considered view, it is to date tops in practicality."

"First, its publication cost for 90,000 issues is far less (than the standard magazine format). Surely, it is more eye-catching, easier to read, and is the best method for displaying tables, graphs, and cartoons."

"Haughty alumni leaders refrain from such (the use of tabloids), especially our women. Only Alpha Xi Delta Sorority tries such and does well. Phi Kappa Theta was the first fraternity to capitalize (on the use of the tabloid). Now half a dozen fraternities use the tabloid, and we predict that more and more will switch."

We appreciate Wilson Heller's kind words and hope that they assure some of our alumni who occasionally ask, "Why don't we have a magazine like we used to?"

Not only does the use of the tabloid format enable Sigma Phi Epsilon to send the *Journal* to all living initiates, it allows more news in each issue and is more flexible than the magazine format.

Former Editor Bill Hoke and current Editor Dean Woodbeck share the credit for this favorable review.

We would also like to thank Brother John Robson, Editor Emeritus, who continues to voluntarily edit the Alumni News section. We thank those who have contributed many of the articles, stories, and reports over the past few years that have helped make the *Journal* interesting. We hope many of you will continue to submit these contributions.

Flying with the best of the Air Force

The Thunderbirds: they wow the crowd with their maneuvers and recruit students for the Air Force (Brother Latham is in plane number 3).

One wrong move, and...

Captain James D. Latham (Kansas State '69) loves to fly. He and five others who love to fly make up the Air Force's prestigious Thunderbirds squadron.

During their air shows around the country, the Thunderbirds zoom 30 feet above the ground, pack into tight formations, skim along upside down, and accomplish intricate maneuvers... all at top speeds in T-38 Air Force trainer planes.

The Thunderbirds roost at Nellis Air Force Base in Las Vegas, Nevada. Brother Latham lives there with his wife, Sue, and their two young daughters.

"During the winter months," Jim relates, "we train our new pilots. This year, our new season begins in Tucson, Arizona, on March 15. By the end of the year, we will have performed 90-95 shows in 36 different states, Canada, and Puerto Rico."

The Thunderbird squadron consists of about 75 people, although most observers see only the six men behind the throttles.

"We have eight pilots," Captain Latham says, "but only six fly in the shows. One narrates the show and precedes the team, taking care of the 'behind the scenes' work. The other pilot serves as the logistics officer, in charge of the maintenance people."

Other officers and enlisted people complete the administrative work, maintain the planes, and take care of public relations and photographs. Only about half of the 75 squadron members actually go on the road.

More than flying

Thunderbird pilots do more than come to town and fly. "Part of our obligation includes recruitment at local high schools and colleges," Jim says.

"One of the pilots and two maintenance people talk in high school assemblies about career opportunities in the Air Force. For a lot of people, we offer a good opportunity. If someone doesn't want to attend college or hasn't got the money, he or she can learn a trade and go to school free later."

On to Nam

Captain Latham's flying has not always drawn applause from those on

the ground. Not too long ago, his plane drew fire from North Vietnamese anti-aircraft batteries.

"I flew my first tour in Southeast Asia in 1970 (a tour lasts one year) in an OV-10—a light-armed attack plane. But, I always wanted to fly a fighter, so I volunteered for a second year, requested assignment to a fighter, and got it."

Before that second tour, Jim came home and got married. Sue accompanied him back to Thailand, Latham's home base.

Shot down!

After six months in his F-4 Phantom, on his 328th mission, enemy ground fire shot Latham and his navigator down. He parachuted to safety, but broke both legs, and a passing Viet Cong patrol took him prisoner. "No one knew I was a POW for six months," the Captain said.

Latham's captors stripped him to his underwear and kept him in a small jungle hutch for several hours. Then

they moved him to a sewage trench, where they kept him bound and blindfolded under guard.

A few weeks later, the Viet Cong moved him to a pillbox near the Pacific, where he stayed for a month.

"I just sat there and thought," he said. "I memorized all the states and all the capitals in alphabetical order—backward and forward. I thought a lot about my family."

Escape attempt

With American air strikes creating chaos, Latham devised a way to untie his bonds. Late one night, he crept past the sleeping guards.

"I crawled on my hands and knees about three miles until I reached the ocean. The sun was just coming up, and I saw this abandoned fishing boat. I had just gotten into the water when I was discovered."

His captors beat him until sundown, when a senior officer told him in sign

language that one escape meant a beating. To make clear the consequences of a second escape, the officer jerked a hand across his neck.

Soon after the aborted escape attempt, Latham went to the prisoner of war camp in Hanoi, where he saw other American prisoners for the first time since his capture.

Brother Latham's captors released him in March, 1973, as part of Operation Homecoming.

Promotion in store

After returning to the States, Jim attended the Air Force Fighter Weapons School at Nellis AFB, graduating with the Outstanding Flying Award. He was stationed in Alaska until the end of 1978, when selected as one of the Thunderbirds.

A stint with this prestigious squadron lasts two years, so Jim will finish up in December, 1980. After that, he returns to school.

"I have received a promotion to Major," Latham says, "and will put my new rank on this summer. The promotion includes an obligation to go to the Armed Forces Staff College for five months and learn about how the Air Force is managed. After that, I would like to get back into the cockpit in a F-15 or F-16 fighter. I am not too wrapped up in making a lot of rank. I am interested in flying fighter planes."

"60 Minutes" feature

A team from the CBS "60 Minutes" program recently spent about three weeks with Latham and the Thunderbirds. According to Jim, "That program gave us some great publicity, especially when you consider it appeared immediately following the Super Bowl. The network estimates about 75 million people watched the show, and we came off in a very positive light."

Captain Latham won the Silver Star twice, holds a Bronze Star, 18 air medals, and two Purple Hearts. He graduated from Kansas State with a degree in psychology, one of the last K-State varsity letters ever awarded in swimming, and a ticket to his profession—a pilot's license.

And it all started when a Frank's Flying Club, offered to take him on one of the club's excursions.

Jim Latham—USAF, POW, SPE.

Oregon Staters will honor Gregg

The Sig Eps of Oregon State (Oregon Alpha) have enjoyed one of the most successful fraternity chapters established in this country, a tradition founded by U. G. Dubach. One of "Dubach's Boys" is Lloyd Gregg, who helped build and maintain a lasting tradition at Oregon State University.

In light of his 47 years of service, Oregon Alpha will honor Gregg at their spring banquet on May 10, 1980.

The event will take place at the Valley River Inn in Eugene, Oregon. Other activities in addition to the Awards Banquet will help make this two-day occasion a memorable experience.

Sigma Phi Epsilon at Oregon State began as the Oxford Club, a cooperative men's living group noted for its high ideals. Gregg, a member of the co-op, remembers a rule banning discussions of the merits or demerits of women at the dinner table. Smoking and drinking were strictly prohibited, and 90% of the members attended church, giving rise to the nickname "the Sunday School Boys."

Gregg took part in the transition of the Oxford Club into Sigma Phi Epsilon. The installation took place on February 18, 1918, with Grand Secretary and Founder Billy Phillips presiding.

The following year, Brother Gregg left Oregon State to serve in the army. Returning a year later, he filled key leadership roles in the chapter during the rest of his undergraduate years.

Gregg helped form the Oregon Alpha Alumni Association in 1924. As Secretary of the organization, he was instrumental in collecting votes from the 90 alumni who decided to build a new chapter house.

"The beautiful new chapter house was completed and occupied in September of 1925," Gregg said, adding that the alumni "owners" and the undergraduate "renters" have always maintained a good relationship.

Brother Gregg took over as Alumni Board Treasurer in 1937, serving until just three years ago, a total of 40 years. He saw the chapter through a

Lloyd Gregg

depression, two mortgages, and a world war.

During World War II, Gregg kept the house occupied while many fraternities could not do so. In 1942, the Oregon Alpha chapter house served as a women's dormitory, and in 1943 it served as the Home Economics Nursery. During these two years, he traveled to Corvallis twice a week to check on the house and take care of financial matters.

Brother Gregg once confided that he had driven nearly 50,000 miles serving the chapter.

Lloyd Gregg has been retired for 16 years from the State Highway Department, where he was supervisor of the payroll.

Those attending the May 10 festivities may check into the hotel between 3-5:00 p.m. on Saturday, May 10, and two hours has been set aside for class reunion between 5-7:00 p.m.

A social hour with a no-host bar and hors d'oeuvres is scheduled for 7-8:00 p.m., to be followed by the prime rib dinner banquet and awards ceremony. A live band will provide music for dancing in the ballroom following the ceremonies.

On Sunday, a special Mother's Day brunch will take place from 9:30 a.m. to noon. Members and alums will then drive back to Corvallis for the annual alumni picnic at Avery Park.

Car needs only "re-volt-ing"

Michael R. Gross (Nebraska-Omaha '71) sells a car he says costs two cents a mile to operate. Brother Gross has opened an automobile dealership in Omaha, Nebraska that offers a "Commuta-Car."

The two-passenger vehicle operates on eight six-volt rechargeable batteries. It holds two people, and looks more like a golf cart with doors than a conventional car.

The vehicle, manufactured by Commuter Vehicle, Inc. in Sebring, Florida, carries a price tag of \$4,495. The electric car, Gross says, costs 7/10th of a cent per mile for electricity, 3/10th of a cent per mile for maintenance, and one cent per mile for battery replacement per mile—a total of two cents per mile.

The vehicle has a range of 50 miles before recharging, so it is strictly a city car. A voltmeter tells the driver when to plug his charger cord into a standard 110 volt household outlet to recharge the car.

A watt saved, a dollar earned

By Justin F. Copp, III
Tennessee

In the face of a nationwide appeal for energy conservation and rising energy costs, the University of Tennessee chapter has renewed an energy-saving program that proved very successful during last winter's cold weather. The program, in its second year, involves reducing both energy use and energy waste.

The energy use reduction portion of the program involves turning all thermostats in public areas of the house down to 68. All brothers dress warmly to be comfortable while watching television, studying or eating in the dining hall. This simple and relatively painless measure greatly reduces heating costs.

In another significant energy saver, only necessary lighting is used in public areas of the house during the night. Before initiating this program, many lights in the hallways, restrooms and entranceways burned all night, wasting electricity and adding needlessly to electric bills.

The energy waste reduction segment of our program involves the installation of low volume/high velocity showerheads. This reduces both use of electricity for heating water and water consumption.

To further reduce waste, the chapter placed weather stripping on all entrances to the house and encouraged brothers to install a similar type of weather stripping on their room doors. This reduces heat loss from private rooms to the large hallways that do not require as high a comfort level.

One of the most productive efforts has been placing sheets of heavy plastic over all windows in the house. This has greatly reduced the loss of inside heat to the outside environment.

These efforts saved the chapter several hundred dollars in energy costs last year and promised to be very effective this past winter.

North Texans form association

A small group of North Texas State alumni met last October in Dallas. In a few short months, the group has increased to over 60 dues-paying brothers.

The group has formed the Texas Beta Alumni Association as a communication and social group of North Texas State alumni. The group hopes to provide guidance and counseling for the undergraduate chapter.

According to Alumni Association President Gary L. Jefferies (North Texas State), "We have met with the undergraduate chapter several times now and find them highly receptive to our assistance. They are especially hungry to reform the Fraternity to its stature and position of years past."

The group has taken a mailing list of approximately 800 brothers and totally updated it with correct addresses.

Pitcher and baseball scout . . . lawyer and Tulsan with clout

"I work every day, including Saturday," says Larkin Bailey (California-Berkeley '23), and that says a lot for this 81-year-old Sig Ep. Larkin owns Tulsa Abstract & Title Company, which his father bought in 1927. Brother Bailey took full ownership in 1936.

"We research property histories, checking on past owners, unpaid taxes, and those sorts of things," Bailey relates. "One interesting note is that we represent the St. Paul Title Association here, and Tom Jones, who is a Sig Ep, is President of that firm (Thomas D. Jones, San Diego State '54)."

Larkin lives in town, but owns 2,092 acres worth of ranch outside Tulsa. Two men look after the 200 head of registered Angas and 6,000 pecan trees that occupy the ranch.

Next door, Schwinn (the bicycle people) plans to build a manufacturing plant. Brother Bailey had something to do with this decision through his involvement with "Industries for Tulsa."

"Basically," Larkin says, "Industries for Tulsa works with industrial corporations. We buy land, or use land available, and hunt for companies to come and build."

Brother Bailey's interest in Tulsa also includes active membership in the Rotary Club, which he joined in 1928 and has served as Chairman of the Board. He

Larkin Bailey

joined the Junior Chamber of Commerce in 1927, "graduating" into the Tulsa Chamber of Commerce when he became 36.

Larkin's other Tulsa interest is Oral Roberts University. He supports ORU and employs three students in his company. "But," he says, "I contribute to

Billy Graham, too."

He has had just as strong of an interest in Sigma Phi Epsilon. He served on the Fraternity's Board of Directors from 1944-1948, after serving as a District Governor. He went on to the highest office, Grand President, in 1948-1949.

"We installed 14 chapters while I served as Grand President," Bailey says. "I attended 12 of the installations ... not bad for one year!"

Since then, Larkin has worked with Sigma Phi Epsilon's Educational Foundation. The Foundation has named him a "Life Trustee."

This Past Grand President employed the current Grand President, Carl O. "Pete" Petersen (Muhlenberg '49), several years ago as a "handyman around the office." Pete now has a law practice in Los Angeles.

Bailey pledged the Fraternity at the Iowa Beta Chapter at Iowa State University. He also made the freshman football and baseball teams there.

During his sophomore year, he played behind an All-American center on the football team and just missed earning a letter. In baseball that year, he pitched three of the five conference games the varsity won and earned his letter.

The next fall, Larkin moved to the University of California-Berkeley and

sat out a year of varsity sports because of the transfer. His senior year, Bailey led the pitching staff in number of innings worked.

After earning his degree in 1923, Brother Bailey headed for law school. He entered the law school at Berkeley, then went to the University of Michigan for a summer term, and transferred to Yale in the Fall of 1924.

Not pleased with Yale's course offerings, he went back to Michigan in the Spring of 1925, then back to Berkeley the next fall. In 1927, law degree in hand, he passed the California bar exam on his first try.

While building the title and abstract business in Tulsa, Larkin built on his interest in baseball, as a part-time scout.

"I traveled 28,000 miles in 1937 ... on weekends and holidays. I covered a 300-mile area as a minor league scout for the St. Louis Browns. They paid me if a prospect stuck around for 30 days. But, the job paid for a new car."

Brother Bailey began scouting in 1935 for the Cleveland Indians. He switched to the Browns in 1937, then to the Brooklyn Dodgers in 1939.

Whether pitching college baseball, pitching Tulsa, or pitching the Fraternity, Larkin Bailey has had many "winning innings." —DLW

Fire destroys UT-Austin home

The University of Texas-Austin Chapter faces a huge rebuilding effort after a three-alarm fire gutted the chapter house in January. Fortunately, only three men had returned from semester break, and all escaped uninjured.

The structure, insured for \$240,000, will cost at least \$600,000 to replace. Some replacement estimates run as high as \$750,000.

The chapter members left homeless have moved into a former sorority house which sat empty for about a year. The temporary home required some repairs and extensive clean-up, and will serve as the chapter house the rest of this year.

Investigators have ruled out arson as a cause. They found a pile of empty paint and varnish cans on the patio, as the house had undergone floor resurfacing and painting. But, according to Austin Fire Captain Malcolm Light, "we are very sure the fire started in the house, not on the patio."

Highly flammable wood paneling fueled the fire, which destroyed almost all personal belongings in the house.

As of this writing, the Alumni Board has sketchy housing plans. The Board has said it will rebuild on the same lot.

"One thing this points out," Sigma Phi Epsilon Executive Director Charles N. White, Jr. (Western Michigan '62) relates, "is the need for all of our Alumni Boards to constantly review and update their insurance plans. As inflation and construction costs continue to climb, insurance policies quickly become obsolete."

The paneling and personal belongings went quickly.

The fire began at about 1:00 a.m. on January 6, leaving the 20 year old structure gutted by dawn. The Austin Fire Department had the fire under control by about 4:00 a.m.

The Texas Alpha Alumni Board emphasizes that the Golden Anniversary Observance, planned for March 28-30, will still take place. Austin's Sheraton-Crest Inn will serve as the headquarters hotel for the event.

A major fund raising campaign is underway and Texas Alpha alumni are already responding with strong support. Alumni Treasurer, Dr. C. Leonard Dolce, is the main communications link for the rebuilding program and for inquiries about contributions to the new house. His address is 1500 West 38th Street, Austin, Texas, 78781.

SE Missourians help widow

Members of the chapter at Southeast Missouri State University (Missouri Zeta) have set up fund to help the wife of a brother who recently lost a battle with cancer. Gregory J. Laux (Southeast Missouri '77) had suffered from cancer for several years, and recently passed away.

The fund was set up to help Brother Laux's wife pay for his medical bills and funeral expenses. The chapter asks that any contributions be made to the Greg Laux Fund, and sent to the Greg Laux Fund, c/o Patrick Kilker, Box E-302, Southeast Missouri State University, Cape Girardeau, Missouri, 63701.

Koontz now "Elder statesman"

Paul G. Koontz (Missouri '16) has become the Fraternity's Senior Past Grand President, making him the "elder statesman" of Sigma Phi Epsilon Fraternity.

Brother Koontz received his law degree from the University of Missouri in 1918. He was president of the University of Missouri (Missouri Alpha) chapter's alumni board for 14 years during the time when the chapter house was built.

He served the Fraternity as Grand President from 1932-1935. Before that, he held the positions of Grand Marshal, Guard, Historian, and Vice-President. Koontz lives in Kansas City.

An honorary position, or a position of honor?

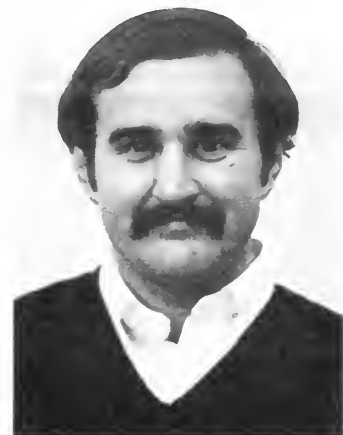

By James C. Nissen
National Chaplain

(The National Board of Directors has recently appointed James C. Nissen (Oregon State '74) to the position of National Chaplain. Following are his thoughts on his appointment.)

Throughout history, a valued member of every royal household was the resident "court fool." The fool's curious 'right of office' provided a variety of avenues for expression.

Sometimes in costume, the unassuming fool entertained with acrobatic skill and slapstick humor. At other times he was simply the brunt of condescending laughter. Some fools were pugnacious and outspoken, while others were subtle and unpretentious. Their message was seldom taken seriously, but it always seemed to be heard. The affairs of state and family were fair game for satirical comment.

Such ridicule sought to provoke rather than indict, for a folly must be recognized before it can be addressed.

Jim Nissen

Some fools assumed the role of seers in the prophetic tradition, with their insights into the present suggesting possible directions for the future.

But regardless of the manner or the

style, the fool's calling had a singular purpose. He sought to remind people and their institutions of their humanity, as well as the higher ideals toward which they continually aspired.

As royal households had their resident fool, perhaps national fraternities should have their appointed chaplain. For some brothers the position survives as needed status symbol, a functional good luck charm. But as the analogy to the fool suggests, there may be more to the chaplain's role than its deceptive title.

To define the role of National Chaplain as one who speaks to the subtle dimensions, demands, and values of brotherhood, affirms the introspective potential of every Sig Ep brother. This capacity is ours by virtue of our commitment to the principles of our fraternity.

The concerns and insights which might be raised by "right of appointed office" will be shared, not as directives from on high, but rather as dialogue, one brother to another. This dialogue is crucial. It needs to be nurtured within our undergraduate chapters and

maintained in the course of a lifetime if we are to realize the qualitative aspects of our fraternity experience which we so openly prize.

About Jim . . .

Brother Nissen graduated from Oregon State University in 1974. He received a Masters in Theology from the Yale Divinity School in 1976.

From 1976-1978, Jim taught and coached high school track and field. He went back to school at the University of California at Santa Barbara for the 1978-79 academic year. There, he served Sigma Phi Epsilon as a Resident Counselor.

In 1979, the new National Chaplain took a position with the University of Santa Clara, in California, as an Area Coordinator for Residential Life. He serves as an in-residence counselor and works in the area of educational programming.

Jim has also started a masters program in marriage and family counseling.

Volunteer Spotlight

This issue the spotlight falls on two "brothers"—who are not only fraternity brothers, but siblings as well. Both J. Earl (Tennessee '58) and G. Burl (Tennessee '58) Rainwater serve on the University of Tennessee chapter's alumni board (Earl as treasurer and Burl as president).

Earl, an attorney in Knoxville, Tennessee, has served the Tennessee chapter in several capacities. "A very rewarding and memorable chapter experience, culminating in serving as chapter president, chapter counselor, alumni board president, and Grand Chapter delegate; has immeasurably influenced my life."

Earl says that working with Sig Eps has given him the opportunity to make new friends and watch young men grow.

"Establishing, and observing others establish, lifelong friendships and relationships has been a rewarding experience," Earl commented. "I have

Earl Rainwater

also enjoyed observing the maturation and personality development of individual undergraduates."

Brother Burl agreed: "The satisfaction of observing young brothers maturing into adulthood cannot be measured. Neither can the lifelong years of mutual

Burl Rainwater

respect when they return for visits to the chapter house. As one who has participated regularly through the years, it is most pleasant to have a continuing relationship with brothers of several generations."

Burl moved around quite a bit after

graduation, spending three-and-a-half years in the Navy. He spent one of those years in New Zealand and Antarctica. In 1962, he joined Southern Bell Telephone, moving to New York City in 1964, then back to Knoxville.

"My love affair with New York City has provided many memorable experiences," Burl relates. "I would encourage any brother to be unafraid of the unknown, because I initially did not desire a transfer to New York."

Burl said the greatest similarity between his career with Southern Bell and the fraternity "involves dealing with people. Communication and teamwork is the key to most accomplishments . . . regardless of the area of endeavor."

Earl put it simply: "I believe Sigma Phi Epsilon members have almost equally influential careers and marriage in my life."

Chapter News

In this listing of Chapter News, you will find Buchanan Cup chapters noted with an asterisk. Every two years, Sigma Phi Epsilon presents the Buchanan Cup to outstanding chapters. As the highest chapter award given by the Fraternity, only chapters fulfilling strict criteria receive the Buchanan Cup. The Buchanan Cup was named after Edwin Buchanan (Ohio State '11), who

served as Sigma Phi Epsilon's Grand Treasurer for 34 years. Sig Ep presents the Buchanan Cups at Grand Chapter Conclaves to chapters having a record of exemplary performance for the two previous years. Criteria include outstanding performance in rush, alumni relations, academics, brotherhood development,

and campus involvement. Other criteria include regular use of the Ritual, having a chartered Alumni Corporation, a program for self-evaluation, good internal organization, and financial stability. Eligibility for a Buchanan Cup also requires a chapter to show a high level of responsibility to the Grand Chapter. A

chapter shows this with a zero balance on its account, prompt registration of pledges and initiates, articles submitted to the *Journal*, and participation in Regional Leadership Academies and Grand Chapter Conclaves. Sixteen chapters received Buchanan Cups at the Grand Chapter Conclave, in August, 1979.

17 MEN PLEDGE
After a great summer and successful Conclave, chapter members returned to Auburn ready for an even better fall quarter. The Buchanan, MacDonald, and Pafford Awards served as motivation for fall rush. All of the details fell in place, resulting in 17 pledges at the end of formal rush. Our annual fund raising drive was next on the calendar, and we showed the campus a wonderful evening at an old fashioned carnival. "Otoherfest" proved very successful and raised over \$3,100 in the name of Cystic Fibrosis. Homecoming proved more exciting than ever when the chapter won first place in the fraternity division for its float. Not long after this, the volleyball team won first place in its division, making them Division A champs for the third year in a row. *Manpower:* 76 Brothers, 12 Pledges

NEW FURNITURE BRIGHTENS HOUSE

Alabama Beta made a turn for the better this fall, with changes in internal operations, as well as improvements to strengthen the Brotherhood Development Program. New furniture improvements in the library in the living area on the first floor have brightened up the house. Our annual "Casino Party" was a big success this year, with all proceeds going to UNICEF. Spirit runs high, as Alabama Beta made the football play-offs again and won the volleyball crown for the first time. This year's turnout for Homecoming was the best in several years. A big thanks to all the alumni who helped make Homecoming at Alabama a great success. *Manpower:* 21 Brothers, 11 Pledges

FIRST PLACE FLOAT
We got off to a great start this year, with a tremendous rush, pledging 32 men. We are presently in first place in philanthropies (all campus) and third place in intramurals. Arizona Alpha sponsored a wheelchair basketball game and had two football teams in the play-offs. During Homecoming, we teamed with the women of Delta Gamma and received the first place trophy as the best student entry in the float competition. The alumni hosted a dinner dance at Pinnacle Peak and ended the weekend by beating the active members in football, 12-0. An Arizona Alpha alum, Larry Smith, has returned to Tempe as assistant baseball coach for the Sun Devils. *Manpower:* 88 Brothers, 32 Pledges

UNDEFEATED INTRAMURAL TEAMS

As of this report, the volleyball and soccer intramural teams are undefeated, with the soccer team headed for the play-off. In football, Arizona Gamma placed second among the fraternities on campus. We held a Christmas party for the Hozhoni Foundation for the Handicapped and participated in Green Up Day on campus (winning the prize for best participation). In Homecoming, the float, made in conjunction with the Circle K Club, won the award for Best Idea. For Christmas, we held a formal at the Bell Rock Inn at Sedona and sold mistletoe around campus. *Manpower:* 13 Brothers, 10 Pledges

THREE GRAND PRESIDENTS VISIT
California Beta had one of its most successful years in 1979. Last spring, we received the President's Award, the highest honor for fraternity excellence at USC. We also won the Sportsmanship Trophy by the Inter-Fraternity Sports Program, and the chapter accumulated the highest GPA on campus. We pledged 17 outstanding men and held a successful little sister rush. Other highlights included the pledge active, the Great Gatsby party, Golden Heart car rally, and our family Christmas party. The Father/Son Dinner was of special significance, as Past Grant President Robert L. Ryan, immediate Past Grand President John W. Hartman, and current Grand President Carl O. Petersen all attended. Our IM football team advanced to the semifinals, and the volleyball team made the play offs. As spring sports are the chapter's strongest, we have a good shot at the overall sports trophy this year. *Manpower:* 59 Brothers, 17 Pledges

IT'S ALL RELATIVE

Two brothers, Martin and Nick Wewerka, have been elected President and Vice President of California Delta, respectively. The chapter just initiated 17 brothers, the first to go through our revamped Brotherhood Development Program. In sports, our soccer team won the championship, not allowing a goal all season. Mike Endsley, Paul Sackinger, and J. R. Studd led the charges. Christmas came early, as our sweethearts presented us with a foosball table. We would like to hear from any Sig Ep alumni in the San Diego area. *Manpower:* 67 Brothers, 0 Pledges

GROUND BROKEN ON NEW HOUSE
California Eta broke ground on a \$169,000, two-story housing project this fall to complement our lodge. We estimate completion of the project by April, 1980. To help fill the house, we pledged 12 men (the largest pledge class ever). For Halloween, we tricked and treated for UNICEF with the Tri Deltas. Philanthropy this quarter also included a Sig Ep blood drive. Other events included dinners with Chancellor Meyer and County Supervisor Betsy Marchand; and exchanges with the Phi Mu, DG, and KKG Sororities. With an aggressive start, we have great expectations for this year. *Manpower:* 24 Brothers, 12 Pledges

HOMECOMING DANCE A SUCCESS
The Fall, 1979, semester was a busy time at California Theta. The brothers sponsored the Homecoming dance for the entire California State-Sacramento campus, and the dance turned out to be a huge success. We took a bus trip to Chico to visit the brothers at California Iota. In the area of community relations, California Theta organized a football game with the male wards of the California Youth Authority, joining them afterwards for dinner. We recently initiated nine new members and have planned an improved and innovative rush program for the spring semester. *Manpower:* 33 brothers, 0 Pledges

COMMITTEES ORGANIZED
The brothers of California Lambda, proud winners last year of an Excelsior Award, initiated seven new brothers on November 30, 1979. Our chapter, which will celebrate its fifth anniversary this May, is now working to incorporate an Alumni Board. This fall, we have worked on refining our committee system, while becoming more active in community affairs and fund-raising. In addition, we held a special retreat in October, which set a positive and growth-oriented future course for the chapter. On the social side, the chapter held the "Derelict Golf Classic" in October and an overnight party in the Napa Valley. During second quarter this year, we plan to have a parents' weekend and have set a goal of 18 pledges for our February rush. We also look forward to attending the Regional Leadership Academy in Reno this March. *Manpower:* 28 brothers, 7 Pledges

LARGEST PLEDGE CLASS ON CAMPUS
Colorado Alpha started off the year with an excellent rush, resulting in the largest pledge class on campus. In the community, we conducted a small business drive for the United Way. Our float placed third in the Homecoming parade. Socially, theme parties dominated the fall, as we held a western saloon, Polynesian island, Halloween, bootleggers, and "little kids" parties. Intramural events included water polo, volleyball, soccer, and football. Alumni relations plans call for organizing a Denver Alumni Chapter. *Manpower:* 60 Brothers, 32 Pledges

LARGEST CLASS IN A DECADE
Under the leadership of President Mark Cox and Rush Chairman Richard Nagel, D.C. Alpha pledged 12 men, the largest class in a decade. The football team won a berth in the "A" play offs, and Mike Patterson made a good showing in the annual 22-mile Marine Marathon. The chapter has great hopes for its basketball and soccer teams this winter. Socially, D.C. Alpha held a Halloween masquerade party, a Wild West party sponsored by alumnus Ray Baumann, and a Thanksgiving dinner. The 70th Anniversary party highlighted the semester on October 20, 1979. Elmer L. Kayser (D.C. Alpha '17) and Benjamin C. Cruickshanks (D.C. Alpha '20) joined the chapter for the celebration. Through the efforts of the Alumni Board, the chapter house has a brand new kitchen. HOMECOMING BANQUET HIGHLIGHTS TERM
Florida Epsilon paired up with the Phi Mu Sorority for the events during Homecoming week. On the first night, all the fraternities and sororities presented skits. We spent the remainder of the week building a float for the Homecoming parade, which we finished just in time. Prior to Saturday's football game between the Seminoles and South Carolina, Florida Epsilon held a banquet for returning alumni. We had a great turnout, with brothers from as far back as 1969 attending. Athletically, we made the semifinals in flag football and hold third place in the overall competition. Winter sports ahead include basketball, soccer, and wrestling. *Manpower:* 33 brothers, 16 pledges

FIRST PLACE IN FRISBEE

Georgia Tech brothers held a late summer rally to complete a new retaining wall to kick off the school year. After a successful rush, the new pledges combined efforts with the brothers in raising money for the World Student Fund and UNICEF. In intramurals, we placed second in the school in soccer and won first place in our division in ultimate frisbee. Our current project is a 1980 calendar, which we hope will raise over \$1,500 for the U.S. Olympic Committee. We again welcomed many alumni, families, and friends at Homecoming this year. A superb buffet meal before the football game and a dance afterward highlighted Homecoming.

FALL SEMESTER PROVES EXCITING

We started this semester off with a bang: our rush week. The week consisted of many exciting events, such as a Lake Michigan cruise, a pool party, a miniature golf tournament around the chapter house, and a beer blast. Our efforts for the week gained us 36 associate members. In early September, we held our alumni picnic, including the traditional alumni/active softball game. On the weekend of September 14, we gathered in a forest in central Michigan for our Little Brother/Big Brother Retreat. October brought participation in the IIT IFC Sing and the semesterly Alumni Beer Blast. Formal social events included the Queen of Hearts banquet and the date dinner.

ATHLETES ABOUND IN ANN ARBOR

Michigan Alpha continued an athletic tradition by winning IM softball and "A" football, in addition to having eight men in varsity athletics. These wins, and second and third place finishes in most other sports, put us in first place overall at the end of the fall term. We also took a first in the All-Greek Sing for a rendition of "Grease." Homecoming started with a 15-foot lawn display and ended with a big spread for the alumni. The pledge class was very helpful on the fall fund-raiser: home football game hot dog sales. The Christmas season brought our underprivileged children's Christmas party, held in conjunction with our Golden Hearts. *Manpower:* 52 Brothers, 15 Pledges

With the help of Regional Director Kevin London, we recruited Brother Fred Sitkins (Western Michigan '59) as our new Chapter Counselor. A 1959 graduate of Western, Brother Sitkins has returned to the University as a professor in the Mechanical Engineering Department. With his design talents, we captured the most original design trophy for our Soap Box Derby entry. In the short time he has been here, Brother Sitkins has proved a great asset to our chapter. Other fall activities included the annual Delta Zeta-Sig Ep Halloween party for underprivileged Kalamazoo children and pulling floats in the annual Gilmore Brothers Thanksgiving-Christmas Day Parade. The semester closed with our annual Christmas party. *Manpower:* 20 Brothers, 0 Pledges

"EXPRESS" KEEPS ROLLING

The "Sig Ep Express" continued to dominate CMU. A very successful rush brought us the most pledges of any fraternity (22), and over half of them are freshmen. For the last five years, we have been the all-sports champions. After first semester this year, we led the race by 15 points. We placed first in golf; second in softball, football, floor hockey, and cross-country; and third in bowling. Over 80 alumni returned for Homecoming, and we sponsored a woman on the CMU Homecoming Court. The annual Parents Day attendance exceeded 130. The Fund-Raising Committee began the first Sig Ep "Care Package," distributed to dorm students during exam week. This project netted over \$400, and we plan to triple that by next semester. At the close of the semester, we initiated 31 brothers. *Manpower:* 54 Brothers, 22 Pledges

GPA CHAMPS

The independent College Survey Bureau has again found Michigan Delta the number one fraternity on campus. We have the highest grade point average and the greatest number of pledges. In intramurals, we finished as divisional co-champions in football and made the finals in softball. Brother Mike Casey received the Best Committee Award for house renovations, which were a significant factor in rush. Brother Jim Culp coordinated a fine newsletter and has worked on improving our alumni relations. The biggest achievement fall term was the Las Vegas Casino Night, which was well attended by actives and alumni. The night raised money and generated more support and interest from the alumni. We also welcomed home alumnus Joe Spencer (Detroit '76), who has recently taken a job with WXYZ News (ABC) as a reporter.

COLONY CONTINUES GROWTH

The Michigan State Colony had the second best rush out of 26 fraternities this past fall. Hard work on the part of 20 colony members, Resident Counselor Phil Morabito (Charleston '79), and Regional Director Kevin London (Maine '79) brought about this success. This year's Homecoming float was done in conjunction with the Alpha Gamma Delta Sorority. In our second year in the football league, we won the title by beating an undefeated team 49-12 in the semifinals and the DUs 13-0 in the finals. Parents Day brought over 80 parents, brothers, and sisters to campus. We finished the year raising \$400 in a raffle.

LOOKING FOR TROPHIES

We had a good rush, acquiring 17 new pledges. This brings us to 37 men, with 27 living in the house. For Homecoming, we built a man-powered float, a first for anyone here. Several alumni came over and helped celebrate Homecoming festivities. Together with Alpha Phi Sorority and some of our alumni, we held a "Gong Show" to raise money for the American Heart Association. We are still looking for the bulk of the trophies from the "old days" of Minnesota Alpha. Anyone having knowledge of these, please contact the chapter. The pledge class put on the Second Annual Turkey Shoot fund-raiser party. The attendance of Nebraska Alpha's pledge class helped make this project successful.

★ Oregon Alpha—Oregon State University LLOYD GREGG TO BE HONORED

Fall formal rush brought us 32 excellent new men to fill the chapter house to over capacity. The Homecoming banquet packed the house with reminiscing undergrads and alumni. This year's senior awards banquet, to be held May 10, 1980, will honor Lloyd B. Gregg (Oregon State '20), President of the Oregon Alpha Alumni Board for 37 years. With numerous national Fraternity representatives and prominent alumni attending the affair at the Valley River Inn in Eugene, you won't want to miss this event. The evening includes a social hour, a banquet, dance, and Sunday morning brunch. The annual spring alumni picnic will take place the following day, May 11, at Avery Park in Corvallis. Watch for details in the Oregon Alpha newsletter.

Oregon Beta—University of Oregon SWAMP STOMP SUCCESSFUL

Oregon Beta pledged 24 men last fall. We held a successful fall house dance, the Swamp Stomp, and the pledge class-sponsored Club Sigma, a formal dance, went equally as well. The pledge class also participated in a Jog-a-Thon to raise money for the University of Oregon Drug Information Center. We had the largest organization participating and ran the highest number of laps. The chapter has begun revising the Brotherhood Development Program and has started spreading the word of our anti-hazing stand. After the Oregon Ducks defeated the Oregon State Beavers in football, six members ventured to Corvallis to paint the Oregon Alpha front door red.

Pennsylvania Iota—Muhlenberg College CONGRATS TO PETE

The Pennsylvania Iota soccer team fought to an 8-2 record and a second place finish. We enjoyed a successful Homecoming, with many alumni returning for an enjoyable weekend. In April, we will sponsor the 10,000 meter Run for Cancer. We expect over 1,000 entrants. Penn Iota extends congratulations to Carl O. Petersen (Muhlenberg '49), the Fraternity's new Grand President.

Pennsylvania Kappa—Bucknell University ACADEMIC EXCELLENCE

Homecoming and the dedication of the new addition to the chapter house highlighted the fall. Present for the event were President O'Brien, Vice President Zeller, and more alumni than we have seen in a long time. As always, we not only kept Bucknell's social life alive and made a respectable showing in intramurals, but also stayed competitive academically. We presently stand fourth among fraternities, with four brothers having a 4.0 average and 22 brothers on the Dean's list. With the changing of the leaves, and as the nip of the coming winter returned to Buffalo Valley, the thoughts of all good Greeks turned to fall rush. After starting off rather slowly in the first few weeks, rush picked up as freshmen came to their senses. By November, over 70% of the freshmen men pledged a fraternity, and the largest pledge class of all belongs to Sigma Phi Epsilon.

15TH YEAR CELEBRATED

Fall rush gave us an 11-man pledge class, with a cumulative grade point of 3.0. We held a successful blood drive and helped form an IFC, with Brother Steve Cooper elected President. The intramural football team ended up the season with a 3-4 record. In the alumni/active football game, the undergraduates beat the alumni 18-6. Last November, we celebrated our 15th Anniversary.

GOOD COOKS

In November, we held our annual Thanksgiving dinner dance. Once again, the entire meal was prepared by the undergraduate brothers. A successful dance followed dinner. Homecoming weekend brought back many alumni for an informal hot dog and beer party after the football game. Our intramural soccer team had a fine year and entered the play-offs for the first time. Pennsylvania Nu entered a softball tournament in Erie, which raised \$750 for the United Way. On the social front, we enjoyed rush parties with Chi Omega, Zeta Tau Alpha, and Alpha Gamma Delta Sororities.

★ Pennsylvania Rho—Villanova University ALL AREAS IMPROVE

This fall, we made several improvements in our social, academic, and rush programs. On our social calendar, we held weekly parties, highlighted by a hay ride, hat and tie party, and a Halloween boat cruise up the Delaware River with 300 people attending. Our intramural football team reached the finals. Pennsylvania Rho's cumulative grade point increased from 2.80 to 2.95. In our fall rush program, we succeeded in selecting 18 new hardworking pledges. We are also proud to announce that Dr. Wunderlich has accepted our invitation to become our second honorary brother. Our newest committee has accepted a big task: find a house for our chapter.

Pennsylvania Tau—West Chester State College FIRST TAU CHAPTER

This has been a banner semester for the newly installed brothers of Pennsylvania Tau. Thirty-six brothers, their dates, parents, and honored guests all enjoyed the installation banquet. Fall activities ranged from intramurals and trips to parties. We went "rafting" in September, enjoying the beautiful scenery of the Lehigh Valley. Our intramural football team placed second overall and first among fraternities.

Rhode Island

Rhode Island Beta—University of Rhode Island NEW HOME OPENS

A successful rush brought over 20 fine pledges to Rhode Island Beta last fall. We fought our way through tough competition to the intramural semi-finals. Sig Ep is on its way to regaining its position as intramural sports champion. We raised \$500 for the United Way through a successful Las Vegas night. The new house has 26 rooms, with a capacity of 52 men, a modern kitchen, an elegant dining room, and a large chapter room. We are home at last!

Homecoming parade. In November, two initiating teams journeyed to Coastal Carolina College to help with the installation of South Carolina Epsilon. We topped off South Carolina's yearly football battle with Clemson with a band party attended by seven chapters from North Carolina, as well as the brothers from Clemson (South Carolina Beta). For Christmas, we caroled for all the nursing homes in Columbia. We initiated our pledge class in December.

South Carolina Delta—Winthrop College STUDENT SUPERSTARS SPONSORED

Our Fall Follies, a campus wide fund raising event, earned us \$500. Fall rush yielded 11 pledges. In September, we had a mixer with all the campus sororities. In October, we joined with the Pabst Distributing Company in Rock Hill to sponsor a superstars event, in which students competed for prizes. That night, the distributor threw a party for all the participants and fraternity members. The pledge class sponsored our annual costume party, and we held fall initiation at Oakland Presbyterian Church.

Tennessee

Tennessee Alpha—University of Tennessee HOMECOMING SUCCESSFUL

Tennessee Alpha had a very successful fall quarter, beginning with our most effective rush in recent years—pledging 51 men. We entered Homecoming with the Phi Mu Sorority and finished first in both the large float and banner competition. This qualified us for second place in the overall scoring. Many alumni visited for the weekend and attended the pre-game brunch and post-game band party. Many brothers participated in the IFC Christmas party for area orphans, one of the most meaningful activities of the fall. During winter quarter, we entered All-Sing and held the winter formal at the Great Smokies Hilton in Asheville, North Carolina.

Tennessee Gamma—East Tennessee State University PIG ROASTS AT HOMECOMING

Last fall, we initiated nine new brothers into the chapter. The week prior to initiation, big brothers took their little brothers out to lunch. The Golden Hearts cooked a marvelous Thanksgiving dinner for the brothers. We held a Christmas party for underprivileged children from the Salvation Army. For Homecoming, we feasted on a 150-pound pig cooked by the undergraduates and alumni. Many alumni returned to campus for Homecoming, and the Sig Eps won the float competition.

Texas

Texas Xi—West Texas State University NEW ALUMNI OFFICERS

Texas Xi held several fund raising activities this semester, thanks to a helpful and cooperative local community. We sold mums during the WTSU Homecoming and helped a local business with a grand opening. The Alumni Board met in January and elected new officers. For our service project, we donated several turkeys to a charity for distribution during Christmas. We have begun preparations for our spring Heart of Gold banquet and initiated 10 new members in January.

Texas Omicron—Angelo State University RUN FOR YOUR LIFE

The first annual Sig Ep "Run for Their Lives" marathon started the fall semester out with a bang, raising over \$2,100 for Muscular Dystrophy. We ran over 130 laps around Sunset Mall in San Angelo. We also held our third annual Sig Ep Fight Night in San Angelo Coliseum. In December, we held our 5th Anniversary Founders Day banquet with several alumni returning. Brothers Louie Long and Russell Wood worked up a fine commemorative program given as a keepsake for all the Sig Eps. We had a total of 17 pledges this fall.

Texas Pi—Stephen F. Austin State University REBUILDING BEGINS

Fall rush rebuilt our chapter from two members to nine. Our Homecoming float and Duchess participated in the annual Homecoming parade. In November, we had a party with the Sig Eps from Sam Houston State. Members and associates attended an overnight retreat at Lake Sam Rayburn, which helped with our direction and organization. Initiation took place December 1, 1979, with the awards banquet following.

Texas Rho—Baylor University TOP PLEDGE CLASS ON CAMPUS

Fall rush, which resulted in our pledging 19 men, saw our chapter as the top fraternity on campus in pledging more men than any other. Socially, we held several parties throughout the semester, including a Homecoming party to celebrate our victory over Texas Christian University. Over 200 undergraduates, alumni, wives, and dates attended. On Halloween, the Sig Eps went trick or treating for UNICEF with the Delta Delta Delta Sorority.

Texas Sigma—University of Texas at San Antonio CHAPTER BECOMES LARGEST

With a lot of hard work from the undergraduates and alumni, we initiated a 19-man pledge class, making us the largest fraternity at UTSA. Last summer, we entered a raft race and won first place in our division. We also held a western dance at the county fairgrounds, with proceeds going to the Brotherhood Development Fund. We won third place in the city's Armadillo Race, held every year. We also brought home the Greek Cup by winning Greek Week competition.

Virginia Alpha—University of Richmond VOLLEYBALL CHAMPIONS

Rush started off with two band parties, three refreshment nights, and a shrimp feast, which our alumni helped make successful. We had several theme parties, including a Halloween party, Christmas party, and a wine and cheese party for Founders Day. Our Hardy Ball team again went to the finals, and the volleyball team recaptured the championship for a second year in a row. We had a finalist in tennis and a quarter finalist in handball. We will hold our retreat at Virginia Beach in March and have a new slate of officers. We also plan another pig roast for the end of April.

Virginia Delta—College of William & Mary EYEING ALL-SPORTS TROPHY

Virginia Delta led the way on campus in off-semester rushing with eight pledges. We have an excellent chance of winning the All-Sports Trophy this year, with the soccer team again enjoying an undefeated season. The chapter took fourth place in the Homecoming parade and held a successful celebration. We also enjoyed a complete Thanksgiving dinner that brought the brotherhood together for a hearty meal and a fine evening. In addition, we recognized the enthusiasm and contribution of our Golden Hearts by presenting each with a lavalier.

Virginia Epsilon—Washington & Lee University MOST PLEDGES ON CAMPUS

This year's rush effort climaxed in early October when 22 men pledged, giving us the highest number on campus for the second year in a row. Homecoming followed quickly, and several alumni returned for the annual Homecoming party. A month later, we held our fall formal at the Royal Host Inn in Lexington. The chapter won second place in intramural tennis. Brothers hold positions from State Chairman to the actual Steering Committee of the Washington and Lee Mock Republican Convention. We plan to hold an alumni reunion this spring, the first in several years. We hope to have a good turnout.

Virginia Kappa—Virginia Tech University IMPLAY-OFF CONTENTENDERS

Virginia Kappa had an excellent fall rush, with a strong showing at Homecoming. We won both the IFC and University honors for the best float entry on campus. Our candidate for Homecoming Attendant and Homecoming Queen placed first and second, respectively. We topped off Homecoming weekend with a banquet and alumni brunch. Virginia Kappa won the IFC championship in co-rec flier ball and made the play offs in football, water polo, co-rec football, and co-rec volleyball. We had the top IFC frisbee team and placed second in IFC cross country. Other activities included a community service project, which netted \$319, and a card session for Virginia Tech football games. We had the second largest pledge class on campus.

George Mason University Colony MONEY-MAKING MADNESS

Fall rush resulted in seven new pledges. In addition to

eight rush parties, we sponsored GMU's first Harvest Dance in October. Our "Drive for Safety—The Great Northern Virginia Car Rally" was our major project for the year. We worked with state and county police departments, the EPA, and the fire and rescue squad of Fairfax City, to give various auto-related demonstrations and tests. Unfortunately, a rainy day held down the crowd and the number of participants, but we have made contacts and experienced the organizational problems, to make our second rally in the spring successful. We also held a blood drive in December, in conjunction with the American Red Cross. We plan a spring installation.

Washington Alpha—Washington State University WRESTLERS CAPTURE CHAMPIONSHIP

Washington Alpha began the new school year with one of the best rushes on campus, pledging 19 men. Our intramural wrestling team captured the all-campus championship, and our football team took second place on campus out of 230 teams (the only Greek team to reach the semifinals of the play-offs). The basketball team hopes to improve last year's eighth-place finish. Many brothers compete on the varsity level in football, wrestling, baseball, and rugby. The Captain of Cougar Ultimate Frisbee Team is a Sig Ep. We have begun work for our annual Heart Fund Run, which attracted over 500 runners last year.

Washington Beta—University of Washington SUCCESSFUL SUMMER RUSH

Last spring's first place finish in Greek Week and a summer rush attracting 38 pledges gave us momentum to start the fall. We recently initiated this 38-man pledge class. Our Mothers Club held monthly meetings last fall and provided the physical plant with much-needed accessories and warmth. We also chose 55 new members for our Golden Hearts. Community services included collecting toys for underprivileged children at Christmas and meals for their families. We also sponsored a young child through the Save the Children Foundation. Our alumni Salmon Bake and Founders Day banquet both came off very well, with Stan Friemuth (Washington '70) speaking at the banquet. We plan to hold some career seminars and alumni/pledge class dinners this year.

The Educational Foundation expands programs

Awards promote leadership chain

The Sigma Phi Epsilon Educational Foundation has developed a program to combine recognition of outstanding seniors with scholarship awards to sophomores. The J. Edward Zollinger Outstanding Senior Awards honor one senior in each of the Fraternity's 25 Districts.

J. Edward Zollinger (William & Mary '27) served on the Fraternity's National Board of Directors and held the Grand Presidency twice, from 1967-1969 and 1969-1971. Zollinger's tenure as President of the Educational Foundation ran from 1960-1976.

Each Sigma Phi Epsilon chapter may nominate one man as its Outstanding Senior and send the nominating form to the District Governor. As the Fraternity has 25 Districts (geographical divisions), one man in each District receives the Award.

The Outstanding Senior receives a certificate and recognition at one of the eight Sigma Phi Epsilon Regional Leadership Academies. A sophomore from the Outstanding Senior's chapter receives a \$100 leadership award (scholarship).

According to Sigma Phi Epsilon's Executive Director Charles N. White, Jr. (Western Michigan '62), "We recognize the senior for doing an outstanding job. The chapter then chooses a sophomore who has demonstrated the greatest leadership potential to receive the Zollinger Leadership Award.

"The Zollinger Outstanding Senior Awards and the Zollinger Leadership Awards represent the passing of leadership within the Fraternity's chapters from the graduating seniors to the underclassmen. We hope this will help recognize the chain of leadership, constantly moving, and the valuable experience it provides within Sigma Phi Epsilon."

The J. Edward Zollinger Outstanding Senior Award program began in 1977. Funding for the Zollinger Leadership Awards given to the sophomores comes from the Sigma Phi Epsilon Educational Foundation.

The Educational Foundation will provide \$15,000 in scholarships this year. The Foundation also has \$40,000 in loan funds available to undergraduate members of the Fraternity.

Regional Academies support undergrads

Picture yourself as a new chapter president. You probably feel excited — and apprehensive. New ideas and enthusiasm abound, yet you don't quite see how to get your chapter to "buy in" to your ideas, or how to organize and plan to complete these ideas by the time your term of office ends.

Regional Leadership Academies (RLAs) serve such a person, and the Sigma Phi Epsilon Educational Foundation serves the Academies with your contributions. Through the Foundation, alumni directly support undergraduates and help underwrite half of the Regional Leadership program.

Since the Regional Leadership Academies began in 1971, the quality of Sig Ep chapters has risen dramatically. The College Survey Bureau, an independent organization, polls the chapter presidents of all fraternities on most college campuses in the United States each year. 58% of our chapters rated among fraternities in the top half on their respective campuses when the Regional Leadership Program began. By 1979, that figure had risen to 72.6%.

Each year, the Fraternity holds eight RLAs in different locations throughout the country. The program uses volunteer alumni as faculty members, drawing on different men's skills in such areas as management and motivation. This year, such men as Dr. James F. Robeson (Cincinnati '59), Assistant Dean of the School of Administrative Sciences at Ohio State University, Wallace C. Dowd (Wisconsin '48), Vice President of IBM, and R. L. Qualls (Mississippi State '54), Chief Fiscal Officer for the State of Arkansas, participated.

According to Kenneth S. Maddox (Oregon State '75), Leadership and Training Director at Sig Ep Headquarters and coordinator of the RLA program, this year's Academies were a little different.

"We emphasized one major topic all

weekend, as opposed to dealing with several topics as we have in the past. This year we took everyone through the goal-setting process. We emphasized the undergraduates taking home the tools to take the chapter through the goal-setting process."

"However," Maddox continued, "we did offer workshops in different areas of chapter operations, as we have in the past. Everyone wants and needs help in rush, financial planning, brotherhood development, and alumni programming, as well as goal setting."

Through the Regional Leadership program and your Foundation dollars, the Fraternity continues to upgrade all of its undergraduate chapters and the leadership and management abilities of our individual undergraduate members.

Scholarships and loans available

Believing that student loans, which provide substantial assistance and renew themselves for use on a revolving basis, offer the best long-term program of financial support to undergraduates, the Foundation has increased its loan fund from \$13,000 to \$40,000 in the last two years.

Student loan funds presently available include: the Charles L. Yancey Fund, established in 1947 in honor of the Fraternity's Grand President from 1930-1932, an alumnus of the D.C. Alpha Chapter at George Washington University; the Edward T. Bradford Fund, named for the Colorado State University alumnus who provided for the Fund through a bequest; and the California Beta Fund, provided by the alumni of the University of Southern California at the chapter's 50th Anniversary in 1978.

Student loans currently outstanding total \$10,500 and there are no delinquencies. Since 1960, 102 student loans totaling \$49,400 have been made from the fund of \$13,000, provided by the National Board of Directors and named for Charles Yancey. The Student Loan Program was transferred to the Foundation in 1976. The need for this revolving loan assistance continues to grow. The need for a significant increase in the amount available to loan is clearly evident and is a Foundation priority.

Annual scholarship awards in 1979 totaled \$12,950, from both chapter designated and Foundation general funds. This direct assistance to the "best of our undergraduate brothers" is based on academic performance, Fraternity leadership, campus participation, and need. Competition is tough, and the receipt of a scholarship is both an individual and chapter honor.

There are 23 chapters with designated scholarships established by either single alumni contributions or through the chapter's Alumni Board pooling alumni contributions. Foundation general scholarships are awarded from the income of undesignated contributions, in an amount determined by the Trustees.

Foundation supplies "gift from heaven"

A live-in graduate student from another chapter, providing counseling, leadership and an almost unending string of new ideas. Many undergraduate chapters would call it "heaven." Sigma Phi Epsilon calls it the

Resident Counselor Program.

The Sigma Phi Epsilon Educational Foundation provides tuition stipends of up to \$1,000 for Resident Counselors. In many instances, local Alumni Boards provide free room and board. Openings exist at many major universities.

The Resident Counselor's job description sounds a bit like a "Mission: Impossible" episode. He helps develop leadership skills in the undergraduate officers and committee chairmen. He provides guidance and support for chapter members and gives them tips on improving their chapter. In general, he has the ideas and motivation to improve chapter operations.

It becomes obvious that the money and benefits help, but the real motivation comes from a personal commitment.

"We look for men with a proven background of successful leadership," says Executive Director Charles N. White, Jr. (Western Michigan '62). "He obviously has to work well with undergraduates and have the motivation to achieve the desired results — an improved chapter."

The program, says Brother White, has not even begun to reach its potential. "We have needs at several major universities. Working with local alumni, the Headquarters staff has pinpointed chapters which could use the help of a sharp grad student. All we need now are good people to apply for, and fill, the position."

Washburn chapter sets up fund

By: Jim Martin (Washburn '79)

A year has come and gone since the passing of Brother Greg Hawkins (Washburn '77). The effect of his loss is still felt at the Washburn (Kansas Delta) Chapter. The brothers have responded in setting up a Memorial Scholarship Fund in Greg's name.

Brother Hawkins pledged Sigma Phi Epsilon at Washburn in the fall of 1975. Upon his initiation in December, 1975, the chapter elected him Rush Chairman. In December, 1976, the chapter voted Brother Hawkins President, and he served in that post until graduation in December, 1977. He worked in Kansas City, married in the spring of 1978, then died of a brain tumor in December of that year.

During the first six months of 1979, the chapter at Washburn raised over \$2,500 from friends and relatives, and from several projects, including a softball tournament. This provided a good start and allowed the first scholarship presentation in January, 1980, to Chris Urban.

This is only a beginning. Through the work of the undergraduate brothers and the ambitious support of alumni, the \$2,500 invested in the Sigma Phi Epsilon Educational Foundation has already grown. We hope it will continue to grow and support several scholarships in the not-so-distant future.

Annual Giving 1979

Contributions and participation reach record levels

Yes! We did it in 1979 — topped the \$100,000 level in annual giving with 3,871 alumni participating, just about 500 more than 1978 (3,378). The total amount contributed was \$105,155, the highest in our history and almost \$20,000 more than 1978 (\$85,895).

- Our giving clubs received strong support in 1979: Phillips Society, named for Founder William L. "Uncle Billy" Phillips to recognize annual donors of \$25.00 or more. The Phillips Society has 1,244 members.
- The Founders Club, for donors of \$50.00 or more, named for Sigma Phi Epsilon's 12 founding brothers. The Founders Club has 347 members.
- First Century Club, recognizes donors of \$100.00 or more, acknowledging their leadership as Sigma Phi Epsilon moves "toward a century of brotherhood." The First Century Club has 155 members.
- The Directors Club, for brothers who contribute \$250.00 or more annually, designated at the significant level of the National Board of Directors. The Directors Club has 33 members.
- Grand President's Council, is Sigma Phi Epsilon's most prestigious giving club where our most generous supporters receive the special attention of the Grand President. An annual gift of \$500.00 or more is required for membership. The Grand President's Council has 21 members.

The "Living Endowment" provided by annual alumni giving is used primarily to fund the annual Regional Leadership Academies conducted by Sigma Phi Epsilon. In 1980, the Sigma Phi Epsilon

Educational Foundation will provide, through an educational grant, one-half of the cost for programming the Regional Leadership Academies. The funding for this grant comes from the annual giving program. Through the grant, the Fraternity is able to bring in the best available faculty with the most current leadership and organizational development methods. The undergraduates also invest in the program through registration fees which cover the remaining 50% of the cost. It is not a free ride from alumni, but rather the alumni providing the most advanced and beneficial program possible.

- "Living Endowment," think about that term for a moment! While Sigma Phi Epsilon has no alumni dues, but lifetime membership, including the *Journal* for the one-time \$15.00 fee paid at the time of initiation, it is the alumni who can make Sigma Phi Epsilon a very special fraternal experience. Your annual voluntary gift meets significant needs and the ever increasing responsibility our Fraternity has for developing tomorrow's leaders. Your annual gift is a "living endowment" because it provides the annual income of a sizeable endowment.
- Our 1980 annual giving program will meet very special needs for Sigma Phi Epsilon and I hope that alumni who are asked to support the 1980 "Living Endowment" will do so generously and join one of our giving clubs. I will look forward to reporting to you on the 1980 campaign one year from now and telling you of the continued strong support for special programs made possible through our Educational Foundation.

Part of the Regional Leadership Academy this year was "imaging" your chapter. Undergrads drew how they view their own chapter, with both strengths and weaknesses, then presented the pictures to the entire Academy. Your contributions help underwrite half the cost of the eight annual Regional Leadership Academies.

Sigma Phi Epsilon All-American Gridders

By: Gary E. Craner (Utah State '65)
Head Athletic Trainer, Boise State University

The 1980 edition of the Sigma Phi Epsilon Journal All-American Football Team tells the story of great young men in their football uniforms. These young athletes are a credit to themselves, their schools and their Fraternity. They have shown good sportsmanship along with outstanding athletic ability, and are true gentlemen off and on the field of play.

With great pride, we release the names of the members of the 1980 Sigma Phi Epsilon Journal All-American Football Team.

Offense

Mike Brady (Sr.) hails from Boise State University. Mike made the All-Big Sky second team as a wide receiver. He has won four letter and started for two years. He had 21 receptions for 345 yards and three touchdowns. Mike also ran track for Boise State.

Brian Henderson (Sr.), a running back from Loras College, is a two-time Sig Ep All-American. Brian started and lettered for three years. In 1979, Brian rushed for 627 yards, an average of 4.2 per carry, and won All-Conference honors.

Steve Snider (Sr.) was a first team selection in 1979 for honors in the Great Lakes Conference. Steve, a four-year letterman and four-year starting lineman from Ferris State College, also won ALL-NAIA District honors in 1979. This Ferris State Co-Captain has made the all-Sig Ep team twice.

John Gasser (Sr.) played center on the

Boise State University team. John, a two-year letterman, has helped Boise State take the Big Sky Conference the past two years.

Hugh Dougherty (Jr.), a fullback from the University of Delaware, averaged 4.6 yards per carry this year for five touchdowns. He had an average of 16.2 yards per reception, with the longest for 46 yards.

Chip Kurt (Sr.), a center from Loras College, has made the Sig Ep All-American team for the second time. He started and lettered at Loras for four years. This past year, Chip was a Co-Captain.

Robert Dwyer (Jr.) is a two-year letterman and one-year starter from West Virginia Institute of Technology.

Brandt Kennedy (Sr.) did the placekicking at the University of Delaware this year. While lettering for three years, he broke all of Delaware's kicking records. In 1979, Brandt made 62 of 64 points after touchdown attempts, and 6 of 12 field goal attempts, for a total of 80 points in 1979.

Dean Sukup (Sr.) made the All-Big Eight squad in 1979 as a kicker, and also won academic All-Big Eight honors last year. He made 38 of 42 extra point tries and 12 of 16 field goals, making him second in scoring in the Big Eight. This is Dean's second year on the Sig Ep All-American team.

Tom Netzel (Jr.) won first team RMAC honors and first team All-District Seven honors while playing as a tight end at Colorado School of Mines. He caught 42 passes this year for 536 yards and made two touchdowns. Tom averaged 54 yards a game and almost 13 yards a catch.

Defense

Robert Lundquist (Jr.), a strong safety from the University of Delaware, started for two years and earned two letters. He led his team in interceptions with six, had 53 tackles and four quarterback sacks.

Brad Horchem (Sr.) started at defensive back for three years and won four letters from Kansas State University. He won two All-Big Eight weekly defensive awards in games against Colorado and Oregon State. He played only the first five games this year, but led his team in tackles among backs.

Dan Wells (Sr.) is a two-time All-Sig Ep selection from Oregon State. Dan is a three-year starter and a four-year letterman. He is a good tackler and made four interceptions from his safety position in 1979.

Dan Parker (Sr.) started at linebacker for Valparaiso during the past two years. Dan led Valpo in tackles in 1979 and was third in interceptions.

Jeff Krejci (Sr.), a defensive back from Nebraska, started this past year, made nine tackles, had two fumble recoveries and one interception. He received a nomination for academic All-Big Eight in 1978.

Dave Liegl (Sr.) played in the defensive backfield and returned punts for the University of Nebraska. He started and lettered for two years. This year, Dave had over 100 yards in punt returns and was nominated for academic All-Big Eight.

Jeff Whitton (Sr.), from the University

of Arizona, plays nose guard and is a four-year starter and four-year letterman. Jeff won academic All-American and academic All-WAC honors in 1977 and 1978. Jeff made the All-Pac 10 team with an honorable mention in 1979, and is a two-time Sig Ep All-American.

Steve Guilsayle (Sr.) started for Washburn University at defensive tackle. He won three letters and started for two years. Steve was picked as the Defensive Player of the Game for several Washburn games.

Rick Winkler (Sr.), a defensive end from Southwest Missouri State University, lettered and started for three years. In 1979, he had 78 tackles and five quarterback sacks.

Keith Odenal (Jr.) started for one year and lettered for three years at Southwest Missouri State University. He made more quarterback sacks than anyone else on his team. In 1979, Keith made All-Conference Honorable Mention.

William Zelle (Sr.) played for Culver-Stockton College. He is a three-year letterman and made the All-Conference and All-District teams this past year. He had 95 tackles, 15 quarterback sacks, one interception, and three fumble recoveries this past year.

Mike McKenty (Sr.) rounds out the defensive team. Mike has won four letters from the Colorado School of Mines, where he started for three years. The RMAC named him to their All-Conference team for the past two years. He was credited with 59 tackles, 31 assists, five pass deflections, five quarterback sacks, and two fumble recoveries.

Hunting hero

Michael C. Niederee (Fort Hays State '79) poses here with his father and dog. During a hunting trip last September, Mike saved the life of his guide.

With his father (Dr. W. C. Niederee) back at camp, Mike and guide Ed Wiseman went up into the high country on the last day of a week-long hunting trip in the Colorado Rocky Mountains. A grizzly bear attacked Wiseman, the first grizzly bear confirmed in the Colorado mountains since 1951.

Wiseman suffered a crushed leg and many severe lacerations, then killed the grizzly by stabbing it twice in the neck with an arrow. Mike had parted with the

guide while hunting, but went back and found Wiseman.

With Wiseman in no condition to be moved, Niederee wrapped the guide up in his camouflage suit and set off for the trip back to camp. Mike made the trip in one hour, although it normally takes three hours.

After sending for help, Mike, his father, and another guide went back up the mountain in the dark and, after some searching, found Wiseman. The trio kept the injured man as comfortable as possible for the remainder of the night, and the rescue helicopter arrived in the morning.

Fraternity loses two fine leaders

Whitney H. Eastman (Dartmouth '10) Past Grand President of Sigma Phi Epsilon and retired executive with General Mills, died December 3, 1979.

In addition to serving as Grand President from 1923-26 (the Fraternity's sixth Grand President), Eastman helped establish the William L. Phillips Foundation, which has evolved into the Sigma Phi Epsilon Educational Foundation. He served as President of the Phillips Foundation until recruiting the late J. Edward Zollinger to take his place in 1962.

Beyond the Fraternity, Brother Eastman worked as an executive with General Mills in Minneapolis, Minnesota. He was also an early pioneer in the soybean industry, an author, President and Secretary of the Dartmouth class of 1910, a noted ornithologist, a national leader in the Boys Scouts of America, and was active in many civic organizations in Minneapolis.

The Sigma Phi Epsilon Educational Foundation will acknowledge any memorial contributions to the family.

Voit passes away

One of Sigma Phi Epsilon's most famous alumni, Willard D. Voit (Southern California '31) died on February 24, 1980, in Newport Beach, California.

Brother Voit always had time and energy for the Fraternity. He received the Sigma Phi Epsilon Citation, awarded to alumni excelling in their careers, in 1969.

The Sigma Phi Epsilon Educational

Willard D. Voit

Foundation Trustees elected Brother Voit as a Trustee in 1972. He served as the Educational Foundation's Secretary from 1973 until his death.

When asked why he donated his time and energy to Sigma Phi Epsilon, Voit responded, "I cannot forget that a loan from our Foundation helped to make my graduation from the University of Southern California possible years ago. It's for more than just nostalgic reasons that some of us 'old grads' hope and work for a better and stronger Sigma Phi Epsilon in the years ahead."

Voit turned over the reins of the company bearing his name in 1970, fourteen years after he managed a successful merger with American Machine & Foundry Company (AMF), in a \$5,000,000 stock transfer agreement. The merger agreement stipulated that Willard would continue to manage the new AMF Voit Company as an independently operated subsidiary.

Brother Voit rebuilt the Voit Rubber Company, started by his father, from a position of bankruptcy in 1932 to an annual sales volume of \$12,500,000 in 1956, at the time of the merger. He had an informal management style and operated a revolutionary employee relations program.

Over the many years with Willard at the helm, his company had only one strike, a record unparalleled in the rubber industry.

Brother Voit became a major factor in the California Beta (University of Southern California Chapter) 50th Anniversary Fund, which has provided a \$50,000 endowment to the Sigma Phi Epsilon Educational Foundation. The portion of that endowment serving as a loan fund will now be named the Willard D. Voit Student Loan Fund.

Memorial contributions to the Sigma Phi Epsilon Educational Foundation will be acknowledged to Brother Voit's wife and his three sons.
